Dear Community Leader:

Sonoma State University, Latino Service Providers, Santa Rosa City Schools, Santa Rosa Junior College, Sonoma County Office of Education, Sonoma County Behavioral Health Department, & community partners, in cooperation with a strong and diverse planning committee are excited to offer the upcoming youth healthcare symposium, **“Mi Futuro esta en Carreras de Salud/ My Future is in Healthcare Careers”**. **2019 Theme: “*Compasión y Profesión/ Compassion and Profession*”**.

The event will be held on Friday, January 11, 2019, at Sonoma State University. The objective of the symposium is to expose 400 students and teachers to the booming opportunities and careers in behavioral health and other primary healthcare careers. We hope you find this conference valuable and have included us in your donations’ budget this year.

This symposium is dedicated to offer educational, informative and inspiring experiences to young scholars who can make a difference in health and service issues confronting mental health, primary health and the Latino population. Our 3-fold mission is to:

1. Promote Mental Health wellness among youth.
2. Inspire youth to pursue behavioral & primary healthcare careers.
3. Promote total health by advocating higher education attainment, a key social determinant of health.

There is a variety of partnership opportunities available. Your donation covers scholarship registration for students, transportation fees to ensure students from all over Sonoma County can attend the symposium, and other required operational expenses.

To submit your donation, click on the link below, choose your partnership level by clicking on associated “Donate Now” button.
